

Boulevard Mixture

Developed for use on soils with high pH and soluble salt levels. The ingredients exhibit good tolerance to salty conditions compared to other turf type species. Boulevard mix grows well in full sun or light shade. Withstands heat & drought stress and has great disease resistance. Excellent for street medians or other adjacent street areas where road salt will be a factor.

Characteristics:

Medium green color
Medium texture

Light/Soil Requirements:

Performs best in full sun or light shade
Performs well on many soil types

Seeding Rate:

Seed @ 5-6 lbs per 1,000 sq ft
Overseed @ 2-3 lbs per 1,000 sq ft

Establishment Rate:

Germinates in 7-21 days with proper moisture
Fully establishes in one growing season

Formulation

25% Dawson Slender Creeping Red Fescue
25% Fults II Alkaligrass
25% SR4600 Perennial Ryegrass
12.5% Grande II Tall Fescue
12.5% Regiment II Tall Fescue

Available only in:
5# Laminated Poly
(12-5# = 60# Case)
50# Poly Woven
