

# Blue Valley Bluegrass Blend

This blend of elite Kentucky bluegrasses is an excellent choice for overseeding fairways, sports fields and parks & open space as well as establishing new lawns or reseeding existing lawns originally established by sod. The bluegrass types selected for this mix exhibit very dark green color, improved drought & heat tolerance and can handle the stresses of multiple management levels. The entire genetics package tolerates high wear and traffic levels across a wide range of climates. Adapted to mowing heights as low as ½ inch and has dense growth habit to naturally crowd out Poa annua and other weeds.

## Characteristics:

- Dark green & fine textured
- Excellent stress & disease package
- Winter Hardy

## Light/Soil Requirements:

- Performs best in full sun or light shade
- Performs well on many soil types

## Seeding Rate:

- Seed @ 3-4 lbs per 1,000 sq ft
- Overseed @ 1-2 lbs per 1,000 sq ft

## Establishment Rate:

- Germinates in 14-28 days under ideal conditions
- Fully establishes in one growing season

## Formulation

100% 5 Elite Kentucky Bluegrasses

### Available only in:
